2013 Human Product Catalog Sheet Classic Series Relief Carve Cremation Urns

The Classic Series Relief Carve Urns are solid wood cremation urns that have a relief carve scene permanently engraved into the wooden urn. Relief carving can be described as "carving pictures in wood". The process of relief carving involves removing wood from a flat wood panel in such a way that an object appears to rise out of the wood. The Classic Series Relief Carve Urn is a combination of select grade solid red oak and red alder wood. The Classic Series Relief Carve Urns can be engraved with text such as name, sentiment, dates and optional backside poem engraving. The Classic Series Relief Carve Urns are available in four sizes with optional Memory Chest.

Cremains are loaded through the bottom with the removal of 4 to 8 (depending on urn size) #2 Phillips /Square Head screws. A 2 mil. poly liner is included with each urn to place the cremains into before placing inside the urn.
